PROFILE

My name is Ali Hadi Rafateh. I am a professional Computer Engineering student, born on October 9, 2003, in Hamedan, Iran. Alongside my academic journey, I am passionate about sports, actively engaging in bodybuilding and football. I am committed to continuous personal and professional growth and always eager to take on new challenges.

WORK EXPERIENCE

- Internet Café Assistant
Private Business — 2019 – 2020
Provided customer service and technical support in an internet café environment. Responsibilities included assisting clients with computer operations, handling document printing and scanning tasks, and maintaining system functionality.
- Architectural Draftsman (AutoCAD Technician)
Barez Saz Semnan Company — 2021 – 2023
Developed detailed architectural and structural drawings using AutoCAD software. Collaborated with engineering teams to ensure the accuracy and precision of construction documents, adhering to project standards and deadlines.
- Front-End Web Developer (HTML & CSS)
Private Web Design Company — 2023 – 2024
Designed and implemented user-friendly websites utilizing HTML and CSS. Participated in front-end development processes, contributed to UI/UX improvements, and ensured websites were fully responsive across different devices.
